

THE MONTICELLO "FUTURO" OR MORE PRECISELY WHY IT IS NOT A FUTURO

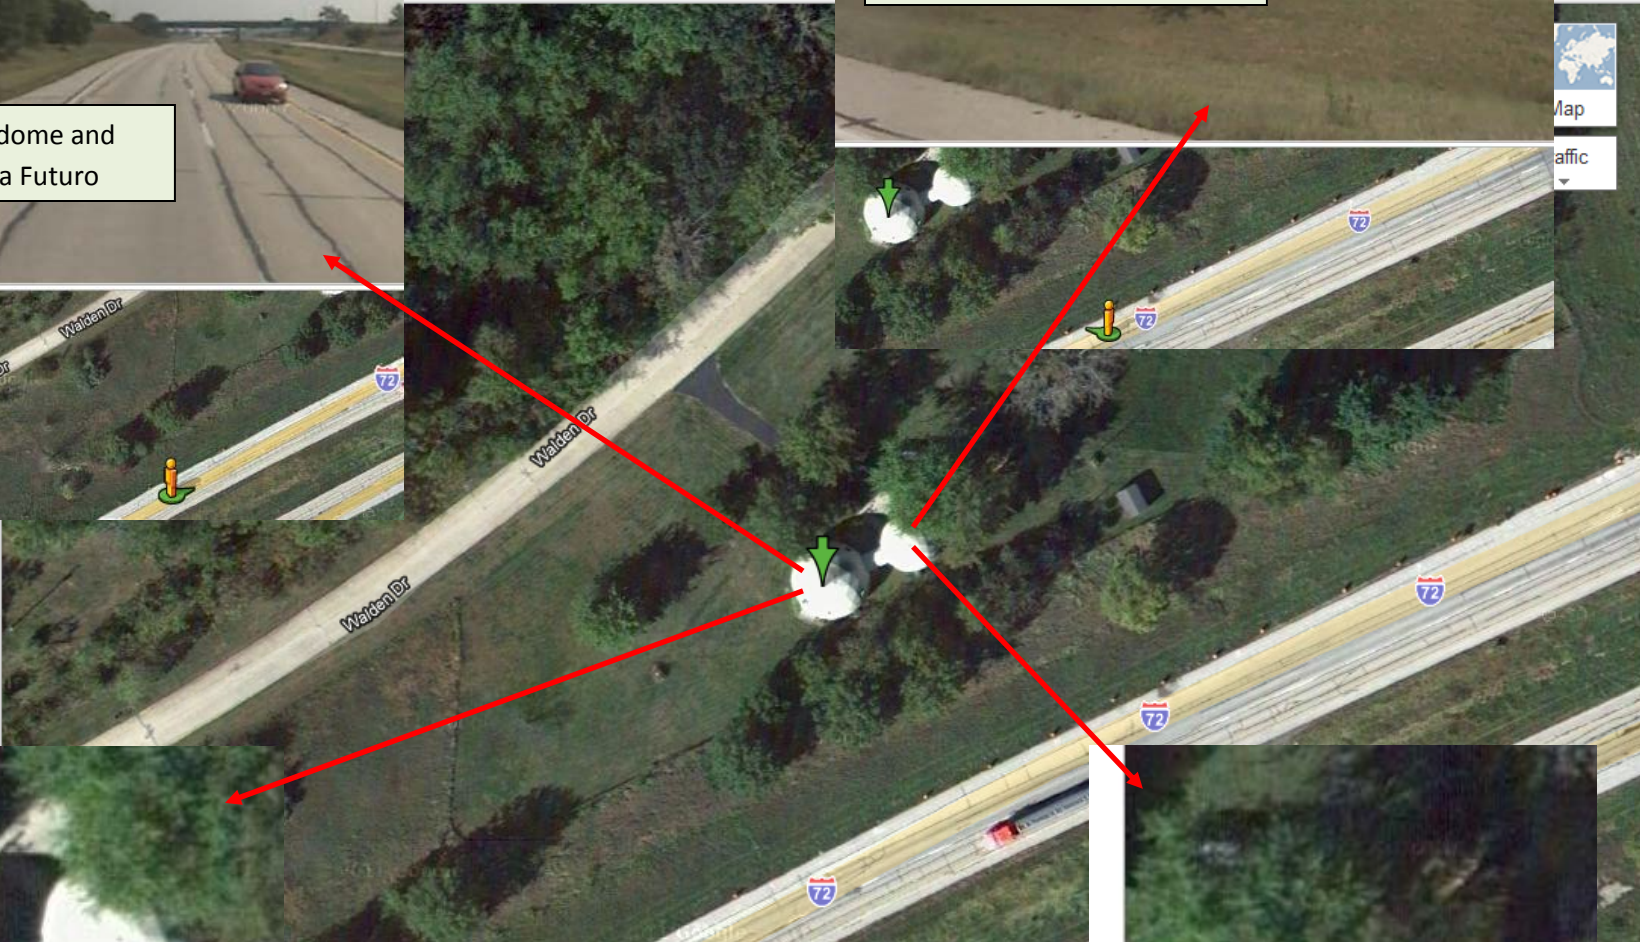

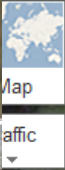

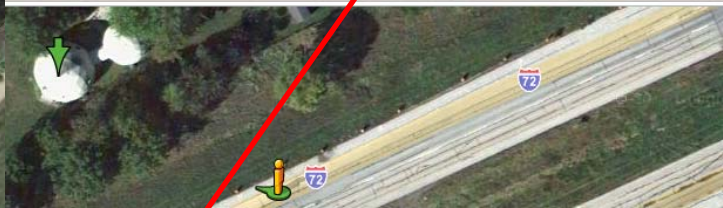

40° 3'11.20"N 88°34'6.28"W

Shape is a geodesic dome and clearly incorrect for a Futuro

As with the west dome the shape is a geodesic dome and clearly incorrect for a Futuro

Looks like this one is in excess of 10m diameter – far too big to be a Futuro

Not quite as definitive as the west dome but it appears this one is around 30 feet not the 24 of an 8m Futuro
