Dear Uke:

Sorry I had not gotten a letter off to you before now. Actually, we were expecting a little more detail on the design.

Thanks again, Uke, for offering the design to us. However, John and I really are not enthused enough about the design to want to bring it here to sell it.

If there is anything you can send us that you feel might change our minds, please send it on.

Best regards,

Charles W. Cleworth
