REGISTERED LETTER

OL/1518/rm

October 5th, 1970

Dear Chuck:

Thank you for your letter September 18th and my apologies for not answering sooner, in fact I have been waiting for any info you may have collected in the meantime.

Attached you will find a copy of my latest letter to Leonard. I must confess that I made, due to extremely busy hours, a slip and stated the critical date 15th of November instead of 15th of October, which was my intention.

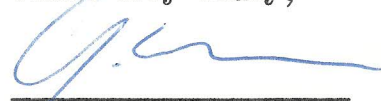

However, as you are also busy maybe this was only good, particularly as by this time it seems that we will probably have to visit U.S. in other business in which case I will certainly keep you informed.

Regarding your proposal that we should send an agreement to be signed as well as your royalty check I feel this in view of the uncertainty of who actually holds the title to our agreement, Leonard personally or Futuro Corporation, not being clear is a little premature and am therefore returning the check attached.

In order to go forward do you mind helping me to dig up information if it is Len who still holds the title to the agreement or whether Futuro Corporation has received the legal title , as it seems that this is one of the most interesting points for both of us.

Looking forward to any news I remain,

Yours very truly,
